

CONTRIBUTION FORM

Extend-A-Care for Kids depends on the gracious support of the individuals and companies in the community through contributions. This allows Extend-A-Care to carry on our vital service to help parents continue to work while they do not have to worry about where their children are. Extend-A-Care provides 4, 000 elementary-age children with quality after-school and summer child care. The organization subsidizes parent fees on a sliding scale depending on their income and family size.
